### **Antecedent History**

The history of mergers in the Zeta Beta Tau Brotherhood follows a pattern of linking common traditions.

In 1959, Phi Alpha merged into Phi Sigma Delta, and in 1961 Kappa Nu merged into Phi Epsilon Pi. In 1969-70, Phi Sigma Delta and Phi Epsilon Pi merged into Zeta Beta Tau.

## WHATEVER HAPPENED TO MITCH GERSHONOWITZ?

Former Fraternity staff member and retired Chief Financial Officer for IBM and MCI Douglas (Doug) L. Maine, Alpha Beta (Temple) '70 not only asked the question, "Whatever happened to Mitch Gershonowitz," he went searching for the answer.

Unfortunately, nobody currently serving on the Fraternity staff knew the answer or had ever heard the name. Doug then utilized LinkedIn and did a search and found Brother Mitchell (Mitch) S. Gershonowitz, Kappa (Cornell) '78.

Doug sent a message to Mitch and quickly received a return message, "Of course I remember Doug Maine, you were on the Fraternity staff when I was an undergraduate at Cornell." The two got together for lunch after not seeing each other in almost four decades...

## Letter from the International President

Dear Brothers and Friends,

What ever happened to Mitch Gershonowitz? You'll read all about Brother Gershonowitz, Kappa (Cornell) '78, in this issue of the Digital Deltan.

As ZBT International President, I am proud to be a Kappa Chapter brother of Mitch's and a fraternity brother of all the wonderfully supportive brothers shown in the video. There are so many of these wonderful stories and I'm sure that all of us have benefited from the love and support of our brothers.

Zeta Beta Tau is thrilled to be growing and providing our special Brotherhood to more men of good character at more and more campuses around the world. Please help us find more "ZBT quality" men. If you know someone headed to a campus where we are currently represented or any campus in the U.S. or Canada, send us an email or call with their name and

contact information.

To support all of these men internationally we also need your help. If you have an hour, a day or a year of commitment to give, let us know that too and we will find you a rewarding environment in which to support our younger fraternity brothers. Here's to our Fraternity. May it live forever.

Cordially, Fraternally and Sincerely,

Michael D. Cimini, Kappa (Cornell) '92  
International President

## Letter from the President of the Foundation

Dear Brothers and Friends,

Our Zeta Beta Tau Foundation has been growing in unprecedented ways. Through the end of September, we had four Dialogue That Started With a “Handshake” events in Southern California.

In September we had our first Dialogue That Started With a “Handshake” event in Washington, D.C., featuring former White House advisors Kenneth M. (Ken) Duberstein, Alpha Tau (Franklin & Marshall) ’65, and Stuart Eizenstat, Alpha Pi (North Carolina) ’64, and hosted by Jonas Martin (Martin) Frost III, Omega (Missouri) ’64, former member of Congress.

Our Fraternity for a Lifetime dinner in Ft. Lauderdale, held in conjunction with the 2013 Fraternity International Leadership School, brought several dozen local brothers, Foundation directors and Supreme Councilors together for a beautiful evening by the bay.

It also enabled us to recruit Floridian Steven E. Gold, Alpha Omega (Miami) ’00, to membership on the Foundation Board. We have been working hard to find a brother from the South Florida area to join our board. South Florida is one of our four focus areas. Having Steve on the board will give us the leadership necessary to take additional steps in building the Foundation.

In October we are headed back to New York for our fall Foundation Board meeting and to renew activities with distinguished alumni in the greater New York area.

Of most notable significance, however, was a milestone that we reached in July at International Leadership School. We were just short of the \$1 million mark in contributions for the year when we arrived in Florida. Members of the Foundation Board, Supreme Councilors and undergraduates enabled us to push past the \$1 million mark – the earliest we have ever achieved that level for a year.

And the exciting part is that the second half of the year – and especially the last month or so – usually see the largest contribution numbers.

Our campaign is making progress and the Foundation is making progress. And that means that ZBT is making progress. Put that together with the stellar numbers that the Fraternity has put together under the leadership of Brother International President Michael D. Cimini, Kappa (Cornell) ’92 in undergraduate initiations, chapter openings and retention of brothers and it is easy to see why, “It’s great to be a ZBT.”

Cordially, Fraternally and Sincerely,

Barry M. Aarons, Gamma Tau (Arizona State) ’71  
President, Zeta Beta Tau Foundation

## Letter from the Fraternity Executive Director

Dear Brothers,

Welcome to the fall issue of the Digital Deltan. Much has happened since our last issue. We finished another record-breaking year and welcomed close to 1,700 new initiates into our chapters, including more than 200 founding fathers into new colonies! We had a tremendous attendance at our 2013 Leadership School in Ft. Lauderdale, which was also attended by many alumni.

I thank the many of you who are actively involved with chapters and colonies ... your impact is making a difference. If you aren't currently involved as a volunteer, I urge you to review the many opportunity that are available to get involved with ZBT that can be found on [our website](#). I'd welcome the opportunity to personally speak with you about your interest. Feel free to call me at (317) 334-1898.

As you read this, many of our chapters and colonies will have already broken their own recruitment records. We are hearing recruitment results with numbers into the 60s. We haven't seen those numbers in more than 20 years. As our chapter consultants are busy working with our existing chapters and colonies to strengthen, our expansion consultants are on the road re-starting historical chapters at the University of Iowa, McGill University, Vanderbilt University, the University of Maryland, and many more! Know students on campuses where ZBT isn't represented? Please email me their names and contact information at [lbolotin@zbtnational.org](mailto:lbolotin@zbtnational.org).

The 2013-2014 year looks to be an exciting one as we introduce new partnerships, provide more innovative leadership programming, and celebrate the 25th anniversary of our decision to abolish pledging. In this edition, you'll read about ZBT's new study abroad program in London, our partnership with Sigma Delta Tau Sorority and Jewish Women International that aims to educate our brothers on healthy relationships, and you'll be informed about our ten regional leadership programs being hosted at 11 Jewish Community Centers across the country.

Whether you are five months or 50 years out of college, ZBT is just as relevant to you as it was on the night of your initiation. As you'll see from our cover story, fraternity follows us and it's up to us to continue living the values we agreed to upon the night of our initiation. In ZBT, fraternity is for a lifetime and we hope you will take the time to think about how you can continue to stay connected.

As always, it's great to be a ZBT!

C., F. & S.,

Laurence Bolotin, Alpha Zeta (Florida) '01  
Executive Director

## Letter from the Executive Director of the Foundation

Dear Brothers and Friends,

Fifty or 60 years is a long time. We are so fortunate that the relationships we form with our Fraternity brothers as undergraduates can withstand the test of time.

As part of Zeta Beta Tau Foundation's focus on alumni outreach and making the vision of Fraternity for a Lifetime a reality, I have witnessed the reunion of brothers who have not seen each other in 50 or 60 years.

Without exception, I have witnessed the spark and the enjoyment created at each of these many wonderful reunions. Our undergraduate Fraternity experience had a large impact on us. Zeta Beta Tau Fraternity and our brothers helped to shape who we are today and the values we live by.

I envy those brothers who have maintained strong relationships since their undergraduate days and get together once a year, have a telephone conversation every so often, share in family life events or just get the annual holiday card and are reminded about brotherhood and Fraternity. I also envy the brothers who have an opportunity to reunite after 50 or 60 years and are reminded about brotherhood and Fraternity just the same.

What I have learned from seeing both is to make sure you do one or the other. Stay in touch during your lifetime and truly experience Fraternity for a Lifetime or reunite so you can experience the spark, the enjoyment and the trip down memory lane.

If you are interested in coordinating a reunion or sharing your Fraternity for a Lifetime story, please contact us at [foundation@zbtnational.org](mailto:foundation@zbtnational.org).

Cordially, Fraternally and Sincerely,

Faron A. Lewitt, Psi (Alabama) '97  
Executive Director, Zeta Beta Tau Foundation

Mitch surprised Doug and brought a copy of a letter Doug had written him back in 1975. Why did Mitch keep the letter all this time and what did the letter say?

The answer to each of these questions speaks to brotherhood and Fraternity, our Fraternity.

Doug finally had his answer to the question, “Whatever happened to Mitch Gershonowitz?” Mitch graciously agreed to let us share the answer to the question with each of you.

## FRATERNITY FOR A LIFETIME – DIALOGUE THAT STARTED WITH A “HANDSHAKE”

When we learn the Fraternity handshake in the early days of being a brother of Zeta Beta Tau, it is unlikely we fully comprehend how meaningful our Fraternity experience will become. Fraternity for a Lifetime – Dialogue That Started With A “Handshake” helps to remind alumni and undergraduate brothers alike of the bond of brotherhood we share.

The speaker series features prominent alumni of Zeta Beta Tau Fraternity and provides them with opportunities to share their experience and expertise with their brothers. In September, our fourth and fifth “Handshake” events occurred.

On Tuesday evening, September 17, over 250 alumni and undergraduate brothers gathered in Los Angeles, including former panelists:

- Robert (Bob) Shapiro, Esq., Alpha Rho (UCLA) ’ 67
- Honorable Stephen (Steve) Cooley, Esq., Gamma Nu (Cal State – LA) ’70

The speaker series features prominent alumni of Zeta Beta Tau Fraternity and provides them with opportunities to share their experience and expertise with their brothers. In September, our fourth and fifth “Handshake” events occurred.

- Alan J. Levine, Esq., Alpha Delta (Southern California) ’68
- Steven (Steve) L. Soboroff, Alpha Omicron (Arizona) ’70
- Martin Jeffrey (Jeff) King, Alpha Rho (UCLA) ’61
- Larry Flax, Alpha Mu (Washington) ’64

In addition, almost 20 brothers who graduated from UCLA from 1949-1953 attended. Brother Robert (Bob) Shapiro, Esq., Alpha Rho (UCLA) ’67 and International President Michael D. Cimini, Kappa (Cornell) ’92 recognized these brothers for helping to make the vision of Fraternity for a Lifetime a reality.

The program featured panelists Marc B. Nathanson, Iota (Denver) '67, Greg Hoffman, Alpha Delta (Southern California) '69 and David S. Wax, Alpha Rho (UCLA) '77. The dialogue covered many topics but the conversation on entrepreneurship seemed to be of most interest to those in attendance. The dialogue was interesting and these brothers have certainly accomplished a great deal in business, home and community life.

On Wednesday evening, September 18, alumni and undergraduate brothers gathered in Washington, D.C., for what was our final Dialogue That Started With A “Handshake” event of the year. The program featured Congressman Stephen (Steve) I. Cohen, Alpha Gamma (Vanderbilt) '71, Congressman Jonas Martin (Martin) Frost, III, Omega (Missouri) '64, Kenneth (Ken) Duberstein, Alpha Tau (Franklin & Marshall) '65 and Stuart Eizenstat, Alpha Pi (North Carolina) ' 64.

Current events, community and politics were the main focus of the dialogue that kept attendees engaged. The participation of these brothers and those who have served as prior panelists helps educate our brothers and make the vision of Fraternity for a Lifetime a reality. We thank our many brothers who participated in the Fraternity for a Lifetime – Dialogue That Started With A “Handshake” speaker series events.

## Year in review

The 2012–2013 year for Zeta Beta Tau was again filled with new programming, enhanced chapter resources, organizational growth, and increased brother support.

The success we have experienced over the first three years of the strategic plan wouldn't have been possible without the hard work and dedication of our talented volunteers and staff.

ZBT is known for many things on college campuses...our stance against pledging, striving to become a "Powerhouse of Excellence", our commitment to our inclusive Jewish identity as an organization, and so much more.

Brothers should take the time to learn about our recruitment trends, expansion successes, and retention methods that have brought ZBT to heights never seen before. While the surface of our potential has only been scratched, reviewing the year shows signs of a strong and healthy future.

## Headquarters staff update

### Chapter servicing

- Visited 100% of our chapters and colonies, provided hands-on support, and continued to improve the relationship between our undergraduate community and ZBT International Headquarters.
- Established standard models for many operational procedures and internal aspects of our chapters and colonies, such as an academic plan/structure, standards board, chapter standards, and best practices in the fields of brotherhood, community service/philanthropic programming, and improving community relations.
- Created standard workshops in the fields of recruitment, branding, risk management, and the new member education program.

### By the numbers 2012-13

**1,656:** Total Number of Initiated Members

**52:** Average Chapter Size

**4,596:** Total Number of Undergraduates

**3.03:** Cumulative GPA (*of those reported*)

**91%:** Retention Rate

**88:** Total Number of Chapters and Colonies:

**9:** Total Number of New Colonies:

**215:** Colony Charter Brothers

**23.8:** Average Men per Colony

**50:** Total Number of New Advisors this Year:

**\$574,411:** Total Dollars Raised by Chapters/Colonies (*of those reported*)

### Retention

- The recruitment mentor program continued with 16 chapters receiving support from a team of volunteers providing yearlong recruitment mentorship. The under-performing recruitment program has shown signs of success.
- For the third year in a row no chapters or colonies were closed because of recruitment results below 10 new members for three straight years.
- iJOURNEY was launched and modules and content continue to be developed. ZBT is the second fraternity to offer this type of educational opportunity.
- Dover Days were expanded to 11 locations with a 34% increase in attendance.

### Expansion

- The Fraternity opened nine new colonies this year. Seven colonies had more than the goal of at least 15 charter brothers. The goal of 165 charter brothers was well exceeded with 215 charter brothers. The average is 23.8 brothers per colony.

## **What the undergraduates say**

**David J. Woodstein, Delta Iota (University of Central Florida) '14**

"Inspiring other brothers in the chapter to step up into leadership positions has been a rewarding experience. I always love reaching out to brothers and letting them take the ropes and let them have some input. I believe this is beneficial because when everyone has a voice or feels like they have an impact in the overall organization they work harder to achieve the common goal."

**Eli R. Seidman, Epsilon Mu (University of Kansas) '15**

"It was my first semester as president and, therefore, my first time running initiation. I know that it is not just the president who initiates the new brothers, but as president I took a sense of responsibility for the initiation. It dawned on me that by admitting the new brothers into ZBT, I had drastically changed their college experience and their entire lives. I realized that ZBT would give them an infinite amount of smiles and happy memories in the future. It was truly a surreal experience and feeling."

**Nicholas A. (Nick) Lubell, Beta Alpha Theta (University of Colorado) '14**

"ZBT has made me a better person and has enriched my life on multiple levels. In particular, being a ZBT has pushed me to be the best person I can be, that settling for the status quo is not sufficient, and that we each have a potential inside that is brought out."

The involvement of our volunteers, both undergraduates, alumni, and friends, are what will make the Fraternity reach its goals. If you are interested in learning more about any of these areas, or want to get involved as a volunteer, please contact Executive Director Laurence A. Bolotin at [lbolotin@zbtnational.org](mailto:lbolotin@zbtnational.org).

## 2013 LEADERSHIP SCHOOL

By:

ZBT undergraduate and alumni brothers from around the world gathered in Fort Lauderdale for the 2013 Zeta Beta Tau International Leadership School in July.

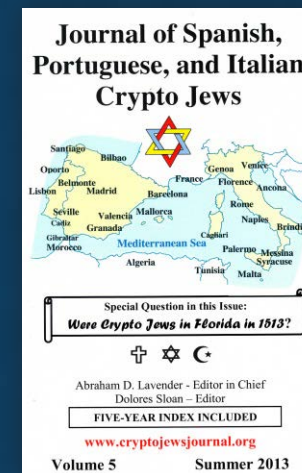

ZBT International President Michael D. (Mike) Cimini, Kappa (Cornell) '92, enthusiastically kicked off the Leadership School by saying, "As we come to the 50th anniversary of the Credo of Zeta Beta Tau, I am continually amazed at the profound impact our Credo has had in the daily lives of our brothers, undergraduate and alumni alike. I often hear our brothers referring to the Credo and citing its four tenets. They use them to describe their current behavior, sometimes to articulate where they have gone astray and as a blueprint for their future actions."

Following the Leadership School, Mike added, "I still can't believe the record turnout we had for the 2013 Leadership School in Fort Lauderdale.

## **2013 Zeta Beta Tau International Leadership School Fifty Years of The Credo of Zeta Beta Tau**

*By James (Jim) P. Summers, Gamma Epsilon (Marshall University) 1970*

ZBT undergraduate and alumni brothers from around the world gathered in Fort Lauderdale for the 2013 Zeta Beta Tau International Leadership School in July.

ZBT International President Michael D. (Mike) Cimini, Kappa (Cornell) '92, enthusiastically kicked off the Leadership School by saying, "As we come to the 50th anniversary of the Credo of Zeta Beta Tau, I am continually amazed at the profound impact our Credo has had in the daily lives of our brothers, undergraduate and alumni alike. I often hear our brothers referring to the Credo and citing its four tenets. They use them to describe their current behavior, sometimes to articulate where they have gone astray and as a blueprint for their future actions."

Following the Leadership School, Mike added, "I still can't believe the record turnout we had for the 2013 Leadership School in Fort Lauderdale. The number of brothers and the depth and breadth of conversation was truly remarkable. Delegates from many groups commented on what an invaluable part of the experience it is to have so many others with whom to share and trade ideas and best practices. I don't know how we are going to top this at ZBT's 100th Convention in Washington, D.C., next year, but I am truly looking forward to finding out."

ZBT Executive Director Laurence A. Bolotin, Alpha Zeta (Florida) '01 beamed when he said, "The 2013 Leadership School in Fort Lauderdale was another terrific opportunity for our brothers and friends to gather and celebrate Fraternity at its finest. Learning, networking and sharing were all evident throughout the weekend. I was especially pleased to see the number of alumni who participated in the programming as it sends a strong message that Fraternity truly is for a lifetime."

Nearly 250 undergraduate and alumni brothers attended a wealth of meaningful educational leadership and fraternity management sessions and social events during the three-day event. And there were awards aplenty, honoring prominent alumni, an interfraternal leader, an international non-profit philanthropic organization devoted to children's health issues and health care, and our undergraduate chapters and brothers and volunteers for their efforts and achievements during the past academic year.

South Florida native and resident, Alpha Omega Chapter Advisor and Trustee and Supreme Councilor Norman M. Waas, Alpha Omega (Miami) '82, was thrilled to have the Leadership School back in South Florida [*Editor's Note: ZBT previously convened in South Florida seven times – Miami Beach in 1949, 1954, 1959, 1973 and 1996, Bal Harbour in 1978 and Naples in 1988*] and had these comments afterward.

“There were three moments during the Leadership School which drove home the undeniable truth that ZBT is a fraternity for a lifetime. The first was following the Mankoff Alumni Panel when four decades of Alpha Omega brothers got together with Mankoff panelist, Steven Gold, Alpha Omega (Miami) '00, and talked about our experiences in the house and then took a picture celebrating 'the U'.

L-R: Norman Waas '82, Fred Levinson '85, Steve Gold '00, Adir Paner '13, and Yanni Siegel '14.

“The second was following the awards banquet when I had the opportunity to sit down with Past President Harold Davidson, Alpha Delta (USC) '65; International President Mike Cimini; Executive Director Laurence Bolotin; and past Assistant Executive Director Matt Tobe, Beta Alpha Theta (Colorado) '06, and celebrate our shared heritage. We came from different chapters in different times, but we all recognize the importance of ZBT to ourselves and those who have followed us.

“The last moment was getting to talk to undergraduate brothers who have served with me on the Supreme Council, both in the past and the present. Many asked for advice on law school and post-college opportunities. I spoke to them as I would my own sons. I was fortunate to have Trustees at the University of Miami who helped guide me while I was in college and law school, and I want to share my experiences with the next generation of ZBTs, so we will truly be a Powerhouse of Excellence.”

Another South Florida alumnus, Edward E. (Ed) Joffe, Alpha Gamma (Michigan) '41, had this to say about his first-ever ZBT Leadership School experience, and a “delightful and memorable experience” it was.

“Fraternity life is now over seventy years behind me. Unfortunately, I never kept up with those friendships. It was only recently that I began to think of those days in my past. When I saw that the ZBT Leadership School was going to be in Fort Lauderdale, I thought it would be fun to volunteer and help out as it was only fifteen minutes from my home. What an unexpected treat it was.

“I have been a volunteer at SCORE, a resource partner of the Small Business Administration, for the past 25 years. The Leadership School was an opportunity for an old volunteer to regain, even if just for a short time, his past fraternity life. Was I ever thrilled and surprised? Zeta Beta Tau today is a meaningful organization with an impact on the world community. When my brother (Stanley A. Joffe, Alpha Gamma [Michigan] ’37) and I were in college, fraternities were social organizations providing room, board, parties, and comradeship. There was no impetus to carry on after college. I have found out now about Brotherhood and Fraternity for Life. What a revelation. In the years ahead I will relish in that creed. It is an honor to be accepted as a ZBT for the balance of my life. *[Editor’s note: Brother Joffe is also a ZBT legacy; his father, Isaac Joffe, was a founder of the ZBT Omicron Chapter at Syracuse University, Class of 1912.]*

“In my dotage, I have not had the experience of being around such talented, brilliant and high-caliber young men. I was so impressed with their intelligence, warmth, dedication, sincerity and graciousness. By the end of the morning I felt like a politician running for office having shaken so many hands. Can I say ‘Fraternity For Ever?’”

The Zeta Beta Tau Foundation hosted a Fraternity for Lifetime dinner for South Florida alumni at the Bimini Boatyard the evening before Leadership School. Foundation President Barry Aarons, nine Foundation Directors, Foundation Executive Director Faron A. Lewitt, Psi (Alabama) ’97, the Foundation Staff, Mike Cimini, Norman Waas, Laurence Bolotin and the 15 alumni brothers (all listed below) enjoyed an evening of Brotherhood.

In remarks to the group recognizing the Foundation and our donors, Brother Cimini said, “This year’s Zeta Beta Tau Leadership School is generously supported by the Zeta Beta Tau Foundation and its individual donors, brothers who continue to live the Credo today. Thank you to everyone for the continued support.”

The Zeta Beta Tau Foundation is committed to educational and charitable purposes that assist the brothers of Zeta Beta Tau Fraternity. That assistance is provided by funding both need- and merit-based academic scholarships and educational leadership programs, including the International Leadership School. The scholarships and leadership programs funded by the Foundation enhance the overall value of membership in ZBT by complementing the collegiate educational experience.

The annual educational leadership development programs of Zeta Beta Tau Fraternity — International Leadership School, the James E. Greer, Jr. Presidents' Leadership Academy and Dover Days — are made possible by educational grants from the Zeta Beta Tau Foundation.

Following the International Leadership School, Brother Aarons said, "I asked the undergraduate brothers how many of them had signed up for a lifetime commitment to ZBT and was excited about the response. It is obvious that our undergraduate brothers believe in the principle Fraternity for a Lifetime. The Ronald M. Mankoff Alumni Panel was a superb session that could have gone on far longer than the budgeted hour and a half; this program is fast becoming a signature part of the Leadership School. But the most meaningful moment for me was during and after the premier of the 'Whatever Happened to Mitch Gershonowitz?' video. There wasn't a murmur in the audience, and the reactions afterwards were nothing short of heartwarming. It made me additionally proud to declare, 'I am a ZBT!'"

Brother Lewitt added, "The 2013 Leadership School provided countless opportunities for undergraduate and alumni brothers to interact with each other. Fraternity for a Lifetime was experienced by those who had the opportunity to converse with Brother Ed Joffe and the many other alumni who attended what was a wonderful program. The education and leadership training received by our undergraduate brothers is critical to the continued growth of our brothers, our chapters and our Fraternity. Thank you to all who support the Leadership School and the work of the Zeta Beta Tau Foundation."

The Leadership School curriculum was centered on protecting the ZBT brand. The educational leadership programming was designed to teach general leadership and chapter management skills and to serve as a guide in creating a model chapter/colony on all ZBT campuses. The specific learning objectives were:

1. Participants will gain an understanding of social skills and how they will impact their life.
2. Participants will develop a personal plan for leadership success
3. Participants will gain an understanding of appropriate crisis and risk management practices and policy compliance.
4. Participants will gain knowledge of organizational expectations and the implementation of standards.
5. Participants will gain an understanding of how to appropriately execute the ZBT Ritual.

6. Participants will gain an understanding of the financial management within an organization.
7. Participants will gain an understanding of the importance of addressing apathy within an organization.
8. Participants will gain an understanding of alumni engagement.

Shannon Cohen, ZBT Coordinator of Leadership and Training, enthusiastically summed up the Leadership School program when she said, “We are thankful for the continued support of the Zeta Beta Tau Foundation without which the Leadership School program would not be possible. This year’s Leadership School focused on risk management and brand management. Throughout the weekend participants were challenged to think about what it means to be a ZBT, how to manage our risk, and protect our brand and why it matters. The brothers were challenged in both large and small groups to think critically about how the actions of just a few can affect many. As we look ahead into the next year, we want to celebrate the bold and progressive decision the Supreme Council made almost 25 years ago to abolish pledging in the Fraternity. We are excited to educate our brothers on what we can do and continue conversations about our brand.”

Demetrius G. Milczakowskyj

Demetrius Milczakowskyj, Eta Gamma (SUNY-Oswego) '14, a Zeta Beta Tau Foundation Gottheil Society donor, was one of the brothers so challenged. For meeting the challenge with his commitment to learning and his very active participation in all areas of the Leadership School program, the Leadership School Faculty selected Brother Milczakowskyj the Most Outstanding Delegate of the 2013 Leadership School. Following the presentation of this award, Demetrius had this to say about his Leadership School experience. "The Leadership School was an experience of a lifetime for me. Communicating with brothers from different chapters across the Fraternity on topics so crucial to fraternity life and chapter leadership — risk management, recruitment, community service, brotherhood building and much more — was truly a great educational experience. I was proud to see the diversity among brothers; it showed me that no matter your race, age, social background or personality, it is a small world, and no matter where you go in life, there will always be someone there for you to call brother. This experience of a lifetime showed me that ZBT truly is a Fraternity for a Lifetime."

Zeta Beta Tau has a longstanding commitment to presenting special awards to some very special individuals and/or organizations to honor their contributions to the Fraternity, Greek Life, their communities and the Brotherhood of Man.

### **2013 awards information:**

**Edwin M. Sommer Award:** Presented from time to time to a ZBT alumnus for Selfless Dedication to the Ideals of Zeta Beta Tau Fraternity. The 2013 recipient was Todd Aaron, Lambda (University of Texas) '81.

**The Heritage Award:** This award was created in 2005 to be presented to a chapter and an alumnus for their outstanding communal, philanthropic, artistic or professional contributions to the Jewish community throughout the year. The 2013 Heritage Award was presented to Gamma Mu Chapter at the University of Memphis and to Rabbi Yoni Kaiser-Blueth, an honorary initiate of the Phi Alpha Alpha Chapter at The George Washington University and Executive Director of GW Hillel.

**The Gottheil Award:** This award is named in honor of the founder of Zeta Beta Tau, Dr. Richard Gottheil, and was created to honor individuals or organizations that exhibit great humanitarian services and activities that best promote better understanding in relationships among all people. Past recipients include Felix Warburg, Franklin Roosevelt, Eleanor Roosevelt, Doctors Without Borders, Special Olympics International, Coca-Cola Foundation and The Jewish Federation of North America. The 2013 Gottheil Award was presented to another organization that has been a close part of ZBT operations for more than a decade – Children's Miracle Network Hospitals, an officially adopted philanthropy.

**The Riegelman-Jacobs Award:** This award is named in honor of two men, Harold Riegelman, Kappa (Cornell University) '14, and Maurice Jacobs, Pi (University of Maine) '17, who gave a series of gifts of commitment and leadership to their fraternities over the span of many decades. The award was created to honor a person for their outstanding Interfraternal service. The 2013 Riegelman-Jacobs Award was presented to Karen Katz, an alumna of the University of Evansville, where she became a sister of Chi Omega sorority, and the Chief Executive Officer of Phi Delta Epsilon International Medical Fraternity. Karen Katz is the daughter of Dr. and Mrs. Lowell Katz. Dr. Katz is a 1968 graduate of the University of Louisville and the Gamma Zeta Chapter of Zeta Beta Tau.

## ZBTs in Print

### Journal of Spanish, Portuguese, and Italian Crypto Jews

### “Spanish, Portuguese, and Italian Crypto Jews: Volume 5”

*Abraham D. Lavender, Alpha Theta (University of South Carolina) '64*

Dr. Lavender is editor-in-chief of Volume 5 of the “Journal of Spanish, Portuguese, and Italian Crypto Jews.” The annual academic refereed journal is about the frequently secret Jewish experiences under the Spanish Inquisition and the identities of their descendants today. In Volume 5, Dr. Lavender and Dryss Elibrahimi, brother at Florida International University's ZBT Colony, also co-authored an article on Moses Ha-Levi Ibn-Yuli, born in Morocco, who was "Florida's First Prominent Jew." Dr. Lavender is faculty advisor to the ZBT chapter at FIU.

### “Echoes of Clara Avenue”

*Edward Farber, Omega (University of Missouri) '54*

Edward has two books published as e-books on Amazon.com. “Looking Back with a Smile” is a humorous memoir. The second book, “Echoes of Clara Avenue,” is a collection of short stories. “Looking Back” is available at <http://www.amazon.com/dp/B007BOMACO>; “Echoes” is available at <http://www.amazon.com/dp/B00C41ZHV0>.

### “Assassinate Einstein”

*Ed Metzger, Alpha Zeta (University of Florida) '58*

Ed completed a tour of the Midwest with one-man show, "Einstein: The Practical Bohemian." His new book, “Assassinate Einstein,” is recently published on Amazon’s Kindle and Barnes & Noble’s Nook e-books.

### “History Will Prove Us Right,”

*Howard P. Willens, Phi (University of Michigan) '53*

Howard served as an assistant counsel to the Warren Commission in 1963-1964 during its investigation of the assassination of President John F. Kennedy. His book on that experience, “History Will Prove Us Right,” will be published by Overlook Press on Oct. 31. He has speaking events planned starting this month and continuing through December to promote the book in Texas, Washington, Philadelphia, New York, Chicago, San Francisco, and Cleveland.

### “Rescue the Ethiopian Jews! A Memoir”

*Graenum Berger, Omega (University of Missouri) '30*

Dr. Graenum Berger was the author of two books, “Rescue the Ethiopian Jews! A Memoir” and “A Not So Silent Envoy,” both now available on Amazon Kindle. His son, Mike Berger, Alpha Epsilon (Syracuse) '60, was the editor of the books. “A Not So Silent Envoy” is a biography of Dr. Berger’s brother, the late Ambassador Samuel D. Berger.

## PRESIDENTS ACADEMY

By:

The James E. Greer, Jr. Presidents' Leadership Academy is returning to Lake Wylie, South Carolina, from January 24 to 26, 2014. This academy is the premier leadership opportunity for chapter presidents.

The concept of "Stories of Leadership" serves as the foundation for the 2014 James E. Greer, Jr. Presidents'

Leadership Academy. The philosophy is tied throughout the curriculum and will challenge participants to examine stories of great leadership and to begin working on writing their own leadership story. A very special highlight of the weekend will include having ZBT Fraternity Executive Director Emeritus James E. Greer, Jr. attending the academy, consulting with brothers, and delivering the opening keynote address.

This popular leadership opportunity brings chapter and colony presidents together with academy graduates, alumni volunteers, and staff for an engaging and energizing weekend that provides extensive leadership training that focuses on personal leadership development, conflict resolution, leading change, self-discovery, and charting their leadership plan.

## GAMMA REUNION

By:

Our time in college and in the Fraternity as undergraduates is a critical time for our personal development. We learn a great deal in a relative short period of time and the lessons stay with us throughout our entire life. The bonds forged with our chapter brothers remain strong as well but life happens and we unfortunately see time go by and the regular contact with our brothers dissipate creating an opportunity for a reunion.

In June, Zeta Beta Tau Foundation Executive Director, Faron A. Lewitt, Psi (Alabama) '97 had the pleasure of attending a reunion for the Gamma Chapter at New York University-Heights. It included brothers from the mid-1950s to the mid-1960s. What a pleasure it was for all in attendance to see Fraternity for a Lifetime in action.

Almost 100 attended what was a fantastic evening of brotherhood. Some brothers had not been in each other's company for 40 to 50 years. You would never have known it based on the hugs, smiles, conversations and fraternalism shared with one another.

The academy is a living-learning experience that challenges brothers to navigate uncharted territory and become the architect of their leadership story.

Presidents' Academy is among the most popular national ZBT events each year. Academy graduates have shared the following"

- "I came away with concrete ideas and lessons."
- "I am more confident and motivated to lead the chapter."
- "I learned how to be a well-rounded leader and bring ideas to the chapter."
- "Yes, learning about personal leadership and fear helps prepare me for leading."
- "I have tons of ideas to improve and start programs."
- "It helped me remember goals from beginning of term and how to accomplish them."
- "I was able to grow as a person."
- "I am definitely more confident. The academy motivated me to lead me chapter."

You would never have known it based on the hugs, smiles, conversations and fraternalism shared with one another. These men, these brothers enjoyed Fraternity all these years later. They experienced Fraternity for a Lifetime.

During the evening Zeta Beta Tau Foundation Executive Director Lewitt was invited to provide a ZBT update to those in attendance. It was a great honor for him to share the news of ZBT's growth through recruitment, the number of new colonies started and the Fraternity's success in retaining our brothers. The growth of our Fraternity will provide opportunities for more to experience Fraternity for a Lifetime.

How wonderful it would be if each of us had the opportunity to truly experience Fraternity for a Lifetime. It is our hope that each of you continue to enjoy your ZBT experience. We must continue to tell the stories of Fraternity for a Lifetime so that our undergraduate brothers will know that the promise made to them on the night of their initiation has indeed come true for so many of us, the promise of Fraternity for a Lifetime.

## PHILANTHROPY BENEFITS THE GIVER, TOO, WITH “HELPER’S HIGH” AND “GIVER’S GLOW”

*By: Bruce DeBoskey, The DeBoskey Group*

Any discussion of philanthropy usually focuses on how a giver can help others — other people, other organizations or entities, or even the world. But a growing body of scientific evidence demonstrates that acts of philanthropy strongly benefit the giver as well.

Researchers call these benefits the “helper’s high” and “giver’s glow.”

“Every great moral and spiritual tradition points to the truth that in the giving of self lies the discovery of a deeper self,” said Dr. Stephen Post, who was the keynote speaker at the Purposeful Planning Institute’s ([www.purposefulplanninginstitute.com](http://www.purposefulplanninginstitute.com)) 2013 Rendezvous, which I attended in August in Colorado.

“When the happiness, security and well-being of others become real to us, we come into our own,” Post said. “Creativity, meaning, resilience, health and even longevity can be enhanced as a surprising byproduct of contributing to the lives of others. This is perennial wisdom, and science now says it is so.”

# Philanthropy benefits the giver, too, with “helper’s high” and “giver’s glow”

Any discussion of philanthropy usually focuses on how a giver can help others — other people, other organizations or entities, or even the world. But a growing body of scientific evidence demonstrates that acts of philanthropy strongly benefit the giver as well.

Researchers call these benefits the "helper's high" and "giver's glow."

"Every great moral and spiritual tradition points to the truth that in the giving of self lies the discovery of a deeper self," said Dr. Stephen Post, who was the keynote speaker at the [Purposeful Planning Institute's](http://www.purposefulplanninginstitute.com) ([www.purposefulplanninginstitute.com](http://www.purposefulplanninginstitute.com)) 2013 Rendezvous, which I attended in August in Colorado.

"When the happiness, security and well-being of others become real to us, we come into our own," Post said. "Creativity, meaning, resilience, health and even longevity can be enhanced as a surprising byproduct of contributing to the lives of others. This is perennial wisdom, and science now says it is so."

Post is a professor of preventive medicine and bioethics at Stony Brook University School of Medicine. He focuses on the relationship between giving and happiness, longevity and health, and is the author of "The Hidden Gifts of Helping and Why Good Things Happen to Good People."

According to brain scans, the mere thought of helping others by planning to make a donation makes people happier. Such thoughts activate the mesolimbic pathway in the brain that is associated with happiness and production of dopamine, a neurotransmitter that helps control the brain's reward and pleasure centers. Actual face-to-face helping also triggers areas of the brain associated with happiness.

In the United States, millions of adults volunteer their time to help other people or a specific cause. This "giving" population reports:

- An improved sense of well-being (89 percent).
- Lower stress levels (73 percent).
- Better physical health (68 percent).
- Enhanced emotional health (77 percent).
- Enriched sense of purpose in life (92 percent).
- Increased happiness (96 percent).

One of the top five factors contributing to lower depression rates is "giving to neighbors and communities," according to a study conducted in Great Britain.

When researchers at Harvard University showed one group a film about Mother Teresa's work and another group a neutral film, they were able to document an increase in the production of protective antibodies in those who watched the film about "giving."

Volunteering frequently to help others is associated with delayed mortality among older adults, according

to a Stanford University study. Plus, a study of elders in assisted living shows that helping activities improved residents' mental health by creating positive attitudes toward aging, a sense of connectedness, and improvements in feelings of control and life satisfaction, as well as decreased depression and mortality.

Authors of an often-cited longitudinal study in the San Francisco Bay Area concluded that a "giving" and "helping" orientation in high school predicted good mental and physical health well into late adulthood. The one-third of teens who valued contributing to society were much happier and healthier 50 years later.

Volunteer efforts through the workplace benefit employees as well as employers. Among employees who participate in workplace volunteer activities, 71 percent felt better about their employers, and 37 percent were very satisfied with the progression of their careers. Such engagement leads to improved recruitment and retention.

"It is one of the beautiful compensations of life," said Ralph Waldo Emerson, "that no man can sincerely help another without helping himself."

Although philanthropy usually goes hand-in-hand with altruism, new evidence indicates that the giving of one's time or treasure makes the world a better place for both giver and recipient. "One thing I know," said Albert Schweitzer, "the only ones among you who will be really happy are those who will have sought and found how to serve."

On behalf of the Zeta Beta Tau Foundation I encourage you to visit our planned giving website and explore planned giving ideas. If you're interested in any of the concepts included on the website, just click on the topic for a helpful overview. Please rest assured that you'll be informed — not overwhelmed — by the material you read.

The concept behind planned giving is quite simple. There are ways to give that benefit both you and our organization. So, if you're inclined to help us fulfill our mission, it makes good sense to explore the options available. Informed giving can dramatically increase the impact you have on the ZBT Brotherhood, as well as benefit you and your family members.

Again, many thanks for your interest in both ZBT and the Zeta Beta Tau Foundation.

Students and alumni often say that their study abroad experience was one of the most defining moments of their undergraduate experience. The positive experience can often be credited not only to the city of choice for study, but also by the people with whom the students spend the semester. So why not spend one of your most life-changing semesters with brothers from around the world?

## **ZBT expands partnerships in around the world**

Zeta Beta Tau Fraternity is proud to announce the launch of two new programs, available to chapters this school year. ZBT is working with two organizations that will provide unique opportunities that are truly the first of its kind within the Greek community.

### **Jewish Women International and Sigma Delta Tau**

As a combined effort with Jewish Women International and Sigma Delta Tau, ZBT will be promoting the new Healthy Relationships Project. The overarching goal of the project is to see how two Greek organizations can work together to change the landscape of young adult relationships. Within this project, ZBT, SDT, and JWI will empower participants to be active and engaged on relationship issues as well as educating students on how to make the smartest and healthiest choices in both romantic and non-romantic relationships while incorporating gender norms.

In addition to these learning objectives, participants will be taught how power and control affect relationships from an interpersonal to societal level. They will learn strategies on how to be an active bystander in any given situation. Finally, it is the organizers' hope that, through this healthy relationships program, men will be recognized as allies in promoting healthy relationships.

This new partnership is mostly workshop based, meaning ZBT will provide the materials necessary to encourage chapters to participate in this program. This interactive program will demonstrate to Greek and non-Greek students alike, male and female, what it means to be a ZBT, and that a brother is truly synonymous with "gentlemen".

## **Foundation for International Education — ZBT's Semester in London**

Students and alumni often say that their study abroad experience was one of the most defining moments of their undergraduate experience. The positive experience can often be credited not only to the city of choice for study, but also by the people with whom the students spend the semester. So why not spend one of your most life-changing semesters with brothers from around the world?

The Foundation for International Education and ZBT will be launching our new global partnership starting this spring. Brothers will have the opportunity to become a part of FIE's semester program in London that incorporates two and a half months of study with an FIE Key Course, in addition to three to four elective courses. The total duration of the program is three and a half months, including midterm breaks. In addition to the classes, brothers can also choose to pursue internship opportunities while abroad.

Outside of the course work, participants will have the chance to explore in depth the beauty and attractions that London has to offer as one of the most travel-friendly cities in the world. Brothers will also have the cultural opportunity to discuss similarities and differences between United Kingdom and United States fraternity life.

Another reason to consider a semester with FIE in London is the leadership development skills that participants in the program will gain. FIE London prepares ZBT brothers to build on their existing abilities, talents, skills, and experiences that are essential to compete and succeed anywhere in the world. After finishing the FIE program in this highly diverse city, brothers will have a significant degree of cross cultural and worldly experiences. These experiences will ultimately allow them to develop critical interpersonal skills that can be applied to the workforce and beyond.

For more information on ZBT's academic partner in London please visit [www.fie.org.uk](http://www.fie.org.uk).

If you are interested in bringing the JWI project to your campus, or applying to the FIE Semester in London, please contact Alexa Wertman, ZBT's Coordinator of Jewish Programs and Strategic Partnerships, at [awertman@zbtnational.org](mailto:awertman@zbtnational.org).

## **Q&A with the traveling staff**

Zeta Beta Tau Fraternity staffs a framework of brothers to travel, year-round, to represent the Fraternity around the world. The six young alumni who currently hold the positions are dedicated, hard-working and personable. They are the examples of what living our ritual is all about.

Meet this year's traveling staff:

### **Jonathan Balva**

Brother Balva was born in New York and raised in Boca Raton, Florida. He moved to Israel after high school and, while there, volunteered in a soup kitchen for underprivileged children. He also went through basic training for the Israeli Army. After returning to the U.S., he attended the University of Central Florida, where he joined the Beta Tau Colony in 2008 and helped it become the Delta Iota Chapter. He was a two-term president at

Delta Iota and also named UCF's top Greek member for two years, graduating this past May.

Personally, Jon is a big sports fan, loving the UCF Knights for college sports, Atlanta Braves, New York Knicks, Green Bay Packers and Florida Panthers.

#### **Q: What's the best part about working for ZBT?**

A: "The best part about working for ZBT is being able to share my knowledge and experience with every chapter and colony that I visit. Seeing what each group is doing shows me how strong ZBT really is, and the growth that so many of our groups are going through is amazing."

#### **Q: What has been your favorite experience or moment as a brother?**

A: "My favorite moment as a brother was this summer where my chapter (Delta Iota at UCF) won the Brummer Cup for Chapter of the Year. When I joined ZBT, it was our first semester on campus, and we were at around 20 brothers. We are now over 100 brothers and excelling in almost every aspect. I know that if my chapter can do that, every chapter in the world can do that as well."

#### **Q: What's one movie or song that makes you think of ZBT?**

A: "The movie that makes me think of ZBT is (2003 comedy) 'Old School' with Will Ferrell. Toward the beginning of the movie, the characters think that fraternity is all about partying and the social scene. By the end of the movie, they see the big picture of what a fraternity truly is, and realize the true importance of brotherhood."

### **Adam Edwards**

Brother Edwards is a native of Aurora, Colo., who loves the outdoors and camping. His family owns land in South Park – “Yes, it is a real place!” he notes – and he is a diehard Denver Broncos fan.

Adam attended the University of Colorado and joined the Beta Alpha Theta Chapter in 2008. He served as recruitment chairman, secretary and president before graduating in 2012 and coming to work for ZBT as a chapter consultant. He’s now a senior consultant. Later, he hopes to attend graduate school and pursue a career in marketing.

**Q: What’s the best part about working for ZBT?**

A: “The best part about working for ZBT is getting to see new parts of the country. This job has taken me places I never would have otherwise had the opportunity to see.”

**Q: What has been your favorite experience or moment as a brother?**

A: “My favorite experience as a brother was graduating the chapter with nearly 70 members. When I joined the chapter was about 25 members.”

**Q: What’s one movie or song that makes you think of ZBT?**

A: “‘Big Yellow Taxi’ by the Counting Crows definitely reminds me of ZBT because it sounds like he says ‘ZBT’ throughout the song. Looking at the lyrics they aren’t saying ZBT ... major disappointment.”

## **Nathan D. Fox**

Brother Fox grew up in Boulder, Colo., and attended the University of Colorado. When he was initiated into the Beta Alpha Theta Chapter in 2005, his father, Randy Fox, Omega (Missouri) ’77, surprised Nate and presented him with his original pin. He went on to serve as a two-term president of Beta Alpha Theta Chapter and was an undergraduate member of the Supreme Council from 2006-08. He was an intern at ZBT International Headquarters in 2008, later taking a full-time position as director of alumni and parent relations from 2010-11. He now has been promoted to director of chapter affairs and recruitment.

**Q: What’s the best part about working for ZBT?**

A: “I love working for ZBT because of the opportunity to share my story and be a mentor and coach for our undergraduate brothers.”

**Q: What has been your favorite experience or moment as a brother?**

“Last year I went with a group of undergraduates to present their house mother with a plaque recognizing her as a sweetheart of ZBT. Unfortunately, she passed away shortly after. I was at her memorial service

and I watched as every person who spoke on her behalf mentioned that receiving that plaque was one of the most meaningful moments of her life. I truly saw the power of ZBT when I witnessed how impactful our organization had been for a non-member.”

**Q: What’s one movie or song that makes you think of ZBT?**

A: “Journey’s ‘Don’t Stop Believin’,’ because I never quit believing that joining ZBT is the best decision any man can make.”

## **David K. Lerner**

Brother Lerner was promoted to serve as ZBT’s director of expansion efforts recently after working for the fraternity as a consultant for two years. The New York native attended the University of Hartford, serving as Gamma Lambda Chapter treasurer and secretary before graduating in 2011. He also is active in Hillel and JCC Metrowest afterschool programs and its summer camp for the past eight years.

Personally, Dave hopes to open his own Jewish summer camp and “clearly needs to find new sports teams” after years of rooting for the New York Jets, Mets and Islanders and New Jersey Nets.

**Q: What’s the best part about working for ZBT?**

A: “Getting to work with our undergraduates to continue the great work of ZBT and the advancement of the Fraternity.”

**Q: What has been your favorite experience or moment as a brother?**

A: “My favorite moment as a staff member has been seeing colonies become chartered and win national awards for all the work they do. I continue to believe ZBT’s colonies are the hardest-working men in our organization and will be a force to be reckoned with in the future.”

**Q: What’s one movie or song that makes you think of ZBT?**

A: “The movie that reminds me of ZBT is (2013 comedy) ‘The Internship.’ It’s about putting yourself out there, be accepted for who you are, changing the conversation and improving the community and personal growth.”

## **Dustin Monroy**

Brother Monroy is a sunny California native, graduating from California State University-Long Beach in 2011. At California State University-Long Beach, he was initiated as a Founding Father of the Beta Pi

Chapter and later served as president when Beta Pi received its charter, moved into its first house and hosted its first Get on the Ball philanthropy event. He worked as an expansion consultant for the past year, and now serves as the senior expansion consultant.

Personally, Dustin values family, friends, good conversation, sports and the beach. He likes being outside and being active, travel and learning new cultures.

**Q: What's the best part about working for ZBT?**

A: "The best part of working for ZBT is being able to give back to the organization that helped shape the man that I am today. As a Founding Father, I love being able to give

students throughout the world a chance to build something on their campus that they can call their own. The ability to travel to renown Universities throughout the U.S. is also a very rewarding experience.

**Q: What has been your favorite experience or moment as a brother?**

A: "One of my most memorable ZBT moments was when my chapter received our charter in 2009. We had a large, elegant ceremony with brothers, peers, parents, school administration, and ZBT staff all in attendance. As President of the chapter at the time, I had the privilege of giving a speech describing all the hard work we had put in to get where we were, where we wanted to go, and to thank everyone who had helped us get there. The ability to show parents and school administration that fraternity, ZBT in particular, could offer so much good to not only its members but to the university and community was quite gratifying."

**Q: What's one movie or song that makes you think of ZBT?**

A: "This is a hard question to answer because there are so many memories of the entire chapter going to see movies together and so many songs that bring back fun memories, but if I had to pick one I would have to say 'Let It Be' by The Beatles. At one of the first events we ever attended as a Founding Father class, which was a Relay for Life (American Cancer Society fundraiser), many of the brothers who were musicians brought their guitars since it was an all-night event. At one point in the night the entire chapter ended up doing a rendition of 'Let It Be' where the words 'let it be' in the song were replaced with 'ZBT.' At the time we were just messing around' but looking back it actually kind of fit since the song is about finding something that will be there for you in tough times."

## **Mike Pollack-Twomey**

Brother Pollack-Twomey is a brother from Massachusetts who served two years on the Supreme Council while an undergraduate with the Delta Beta Chapter (Connecticut). He graduated in May and has worked for ZBT's expansion team since. Working on ZBT's traveling staff is just the start of his grand plan to travel – Mike is hugely into golf and hopes to travel the world, hitting

the links at as many courses as he can.

**Q: What's the best part about working for ZBT?**

A: "As an expansion consultant, the best part of working for ZBT is having the opportunity to represent and expand an organization that has the ability to change lives in a positive way. Working for ZBT affords me the ability to travel North America while leaving hundreds of students with a fraternal experience that will better their college and post-graduate experiences for a lifetime."

**Q: What has been your favorite experience or moment as a brother?**

A: "My favorite experience as a ZBT undergrad was every year during our Get on the Ball philanthropy event at the University of Connecticut. To wear my letters proudly and raise money for the Children's Miracle Network was always a proud and powerful moment."

**Q: What's one movie or song that makes you think of ZBT?**

A: "When I think of ZBT, I think of 'Saving Private Ryan.' This movie told the story of a group of soldiers who during World War II were tasked with the mission of finding and returning Pvt. Ryan from battle. I think the next most comparable thing to brotherhood of soldiers is the brotherhood of fraternity. Although most of our brothers don't encounter such life-or-death situations, ZBT embodies the same values of responsibility and duty to one another that keeps every brother loyal to the mission of our organization, similar to how those soldiers selflessly risked their lives for Pvt. Ryan and each other."

## **Join the team**

Interested in joining the ZBT International Headquarters staff? ZBT is looking to hire recent graduates for both immediate and future openings. Email Executive Director Laurence Bolotin for more information [lbolotin@zbtnational.org](mailto:lbolotin@zbtnational.org).

## Obituaries

### **Howard Knofsky, Nu (The Ohio State University) '49**

Howard Knofsky passed away on July 22, 2013, at the age of 85.

Howard is survived by his beloved wife, Joyce Weiner Knofsky; his beloved children, Jodie Knofsky, Randi Taylor, Brian & Kim Knofsky, Terri & Jim Limongi, and Rex Knofsky; his cherished grandchildren, Lindsey and Jason Allison, Drs. Meredith and Kyle Shaddix, Erica Knofsky, Evan Knofsky, Elliott Knofsky McCarthy, Dr. Cara Berkowitz and Daniel Ertis; and his cherished great-grandchildren Raquel and Bryce Allison and Knox Shaddix. He is also survived by his brother-in-law Ted Jacobs and cousins Fred Knox and Judson Knox.

Howard was a proud alumnus of The Ohio State University (Class of 1949) and a veteran of the U.S. Army. He was preceded in death by his mother Gertrude Knofsky, his father Roy Knofsky and his beloved sister Ruth Janice Knofsky Jacobs.

Born in 1927 in Youngstown, Ohio, Howard lived most of his life in Warren, Ohio, until retiring to Florida in 1985. He was a lifetime member of The Ohio State University Alumni Association -- President's Club and a Brother of Zeta Beta Tau Fraternity. During his life he was proud of his association with B'nai B'rith, the American Legion and the City of Warren Junior Chamber of Commerce, which honored him with their Man of the Year award in 1959. Howard was an avid golfer and enjoyed traveling with his wife for business, family trips, golf weekends and going to football games in Columbus, Ohio, to cheer for the Buckeyes.

Services were held at Beth Israel Memorial Chapel, in Delray Beach, Florida. The family requests friends and family remember Howard in their own way or with donations to the National Colorectal Cancer Research Alliance ([www.eifoundation.org/donate](http://www.eifoundation.org/donate)).

### **Morton Abramowitz, Phi (University of Michigan) '51**

Morton Abramowitz passed away on May 26, 2013. He was proud of his ZBT brothers. He entered Michigan as a veteran and found a home at ZBT. He always spoke highly of his time in the fraternity.

He served in World War II. He was an active member in his community right up until the last day of his life. At 86 he was still a practicing attorney, well respected in his community. He was the attorney for the library board and an advisor to the city council. He was past president of the Rotary Club, the American Red Cross, Jewish Federation, the state hospital review and planning board, and volunteered at The

Salvation Army. He was a wonderful father, grandfather and great-grandfather. Survivors include a daughter, Deborah Cary.

### **Irwin Siskin, Beta Lambda (San Diego State University) '63**

Irwin "Damon" Siskin died on August 29, 2013, after suffering a massive heart attack. He lived in Newport Beach, California, at the time of his death.

### **Leslie R. (Les) Brafman, Chi (University of Virginia) '64**

*Published in the Palm Beach Post*

Leslie Brafman, 71, Boca Raton, FL and formerly of Stamford, CT, passed away peacefully on May 29, 2013. He was a ZBT at University of Virginia. He was the loving father to Jason (Andrea), brother to Howard (Kathryne) and Susan, brother-in-law to Carol (Max). Donations can be made in Memory of Les Brafman to Jewish Family Service at (561) 852-3333.

## DELTA IOTA CHAPTER NAMED 2013 BRUMMER CUP WINNERS

Each year ZBT has the honor of recognizing the accomplishments of the undergraduates and alumni members. The final award of the Leadership School Recognition Dinner is the Brummer Cup — the most coveted award given is presented to our most outstanding chapter. The Brummer Cup is named for the highest honor given to a chapter of Phi Sigma Delta Fraternity, which merged with Zeta Beta Tau in 1969.

International President Michael D. Cimini, Kappa (Cornell) '92, proudly presented the Brummer Cup to the Delta Iota Chapter at University of Central Florida on July 27, 2013, at the event. As he presented the chapter with this award, President Cimini shared: “What started as a bumpy ride for its founders looking to achieve acceptance from their peers has turned into a story of persistence, achievement and excellence. This chapter fully embraces all aspects of the Fraternity Credo and Mission.

## ALUMNI 2013 AWARD RECIPIENTS

Each year at International Leadership School or Convention, Zeta Beta Tau Fraternity honors many brothers, friends and family who work hard and give much to improve the Fraternity. But some recipients stand out among the crowd, and in 2013, four alumni brothers were among the top honorees at Leadership School.

Brothers Jack Guttman, Todd S. Aaron, Dr. Gary D. Strasberg and Rabbi Yoni Kaiser-Blueth were nominated by fellow brothers to have their accomplishments honored by the international fraternity.

Brother Guttman, Sigma (Tulane), '69, earned the prestigious Stephen P. Ehrlich Award, which is presented to those alumni who make significant contributions to the operations of the international fraternity and those who give of themselves to make ZBT a better fraternity. Brother Guttman has worked in the real estate industry for 35 years, and has volunteered with the National Permanent Endowment Fund Corporation, the organization dedicated to housing for ZBT, for many years. He has served as a director of N.P.E.F. for two years.

## **Delta Iota Chapter named 2013 Brummer Cup winners**

Each year ZBT has the honor of recognizing the accomplishments of the undergraduates and alumni members. The final award of the Leadership School Recognition Dinner is the Brummer Cup — the most coveted award given is presented to our most outstanding chapter. The Brummer Cup is named for the highest honor given to a chapter of Phi Sigma Delta Fraternity, which merged with Zeta Beta Tau in 1969.

International President Michael D. Cimini, Kappa (Cornell) '92, proudly presented the Brummer Cup to the Delta Iota Chapter at University of Central Florida on July 27, 2013, at the event. As he presented the chapter with this award, President Cimini shared: “What started as a bumpy ride for its founders looking to achieve acceptance from their peers has turned into a story of persistence, achievement and excellence. This chapter fully embraces all aspects of the Fraternity Credo and Mission. They build strong connections with alumni, the community, and their university partners.”

The Delta Iota Chapter at UCF is less than 10 years old but has made a profound impact on its campus, within its community, and among other ZBT chapters by organizing numerous events such as Founders Day celebrations, family weekends, risk management seminars, and campus-wide Greek life events. They place an emphasis on philanthropy and service and have given thousands of volunteer hours and raised nearly \$20,000 for their closest Children’s Miracle Network Hospital in the past year. Delta Iota Chapter also has recruited close to 90 men in the past two years.

Chapter President Daniel Balva shared, “Words cannot describe how excited the Delta Iota Chapter is to have won the Brummer Cup. I have no doubt that this award will help further motivate us to continue doing great things not only for ZBT on an international level, but for the community as well. A wise person once said, ‘The road to success is always under construction,’ and while our chapter is beyond ecstatic to have won this humbling award, we know that it is a stepping stone to a great year ahead of us. I can’t wait to see what incredible accomplishments the Delta Iota Chapter at the University of Central Florida will achieve this upcoming year!”

This year ZBT recognized two chapters as runners-up for the Brummer Cup, the Gamma Mu Chapter at University of Memphis and Alpha Delta Chapter at University of Southern California.

## 2013 Alumni Award Recipients

Each year at International Leadership School or Convention, Zeta Beta Tau Fraternity honors many brothers, friends and family who work hard and give much to improve the Fraternity. But some recipients stand out among the crowd, and in 2013, four alumni brothers were among the top honorees at Leadership School.

Brothers Jack Guttman, Todd S. Aaron, Dr. Gary D. Strasberg and Rabbi Yoni Kaiser-Blueth were nominated by fellow brothers to have their accomplishments honored by the international fraternity.

Brother Guttman, Sigma (Tulane), '69, earned the prestigious Stephen P. Ehrlich Award, which is presented to those alumni who make significant contributions to the operations of the international fraternity and those who give of themselves to make ZBT a better fraternity. Brother Guttman has worked in the real estate industry for 35 years, and has volunteered with the National Permanent Endowment Fund Corporation, the organization dedicated to housing for ZBT, for many years. He has served as a director of N.P.E.F. for two years.

Nu Chapter at The Ohio State University has just moved into its new fraternity house after earning its charter last year. Current Chapter President Mitchell S. Antalis, Nu (Ohio State) '15, said the chapter would have been lost without the direction of Brother Guttman during the housing process.

“Jack is a fantastic human being. He pretty much has taken care of everything we needed. He’s easy to contact – he’s answered the phone every time I’ve called him,” Brother Antalis said.

“We would have been absolutely lost without him. Having someone who’s an expert in the field has been the best,” Brother Antalis said. “He really made the whole process a fairly easy one.”

Brother Guttman understands that fraternity is for a lifetime and also has become a generous supporter of the Zeta Beta Tau Foundation. His expertise, willingness to

assist in any project and sincere love for the fraternity shines through with each interaction.

Brother Aaron, Lambda (Texas) '84, proved his “selfless dedication to the ideals of Zeta Beta Tau Fraternity” to earn the Edwin N. Sommer Award for ZBT alumni. Aaron is devoted to the Lambda Chapter at University of Texas-Austin, leading the charge to reconnect brothers and alumni in the past decade and recruit ZBT legacies. Lambda is now the largest Zeta Beta Tau chapter, with nearly 200 undergraduate brothers, many of whom are legacies. Brother Aaron also works to help the chapter with Dads Days, parents’ club, recruitment

recommendations, risk management advice, connecting with the local Jewish community, conferring with the university and general chapter advising.

“Brother Aaron, better known (in the chapter) as ‘Doc T’, truly embodies what it means to be an advisor,” said Chapter President Ryan M. Pearlman, Lambda (Texas) '15. “He has invested more time and resources into the Texas Lambda Chapter than any other individual.”

Brother Pearlman said Brother Aaron’s excellence at recruitment advising is what makes him stand above other advisors – and also why Lambda Chapter is the largest in the Fraternity.

“Doc T makes the recruitment process as easy and fun as possible. He is easy to communicate with and is always recruiting and ‘locking up recruits.’ His direct involvement with the 19- and 20-year-old recruitment captains is what makes him a true gem to our organization. Without him, the show will not go on,” Brother Pearlman said. “He wrote the recruitment book back in the 1980s and continues to pass down the knowledge and expertise every year.

“He helps more than the fraternity; he also shapes young men into successful businessmen and leaders in Jewish communities all over the country.”

Lambda Chapter recently named the basketball court at the chapter house in his honor in what Pearlman said was a unanimous vote.

Brother Strasberg, Gamma Mu (Memphis) '73, is now more than just the chapter advisor at Gamma Mu Chapter, he's the Maxwell Hyman Chapter Advisor Award recipient for 2013, one of the top advisors in the Fraternity. Brother Strasberg always makes time to attend meetings with chapter leadership, stay connected with campus and community partners, and remain up to speed on all matters relating to Greek life at the University of Memphis.

Brother Strasberg also has taken a leading role in working with the university and private developers in hopes to secure a long-term housing for the chapter. He said he is proud of the work the chapter has done in recent years

and the awards Gamma Mu Chapter has earned.

"However, I truly believe our proudest moment is yet to come. ... The goals of Gamma Mu include construction of new housing to meet the needs of our growing chapter and to consistently be 'A Powerhouse of Excellence' in everything we do. We shall accomplish our goals the old-fashioned way -- with hard work and determination," Brother Strasberg said.

Rabbi Yoni Kaiser-Blueth is an honorary initiate into and chapter advisor of ZBT's Phi Alpha Alpha Chapter at The George Washington University and also executive director of Hillel at the university. He was lauded with ZBT's Heritage Award, which honors a member of the Jewish community who distinguishes himself or herself in a communal, philanthropic, artistic, or professional endeavor for their outstanding contribution to the community. Brother Kaiser-Blueth formerly worked with Hillel at the University of Florida. He did his

rabbinical training at the Jewish Theological Seminary.

Chapter President Jacob S. Itzkowitz, Phi Alpha Alpha (George Washington) '14, said Brother Kaiser-Blueth has filled big shoes since the departure of past chapter advisor Eleazar S. Berman, Mu (Boston) '03.

“Since assuming the role of chapter advisor, Yoni has truly stepped up despite only joining our chapter as an honorary initiate less than three years ago. As the director of Hillel at The George Washington University, Rabbi Yoni has constantly put the effort in to engage our Jewish and non-Jewish members alike and immerse them in the Jewish heritage that Zeta Beta Tau is so proud of. Rabbi Yoni played a pivotal role in the chapter's Roger Williams Day celebrations, most recently when we welcomed Murray Watson to discuss the interfaith dialogue. Rabbi Yoni has provided our chapter with the means to hold educated discussions on this dialogue in a way that would have made our Fraternity's founders proud,” he said.

Brother Itzkowitz said Brother Kaiser-Blueth works tirelessly to engage Jewish and non-Jewish brothers at Phi Alpha Alpha as well as all students at George Washington in his role as Hillel director.

“When I heard that Yoni would be receiving the Heritage Award, I was thrilled to learn that he was receiving the recognition he deserved. His services and other Hillel events have seen brothers of all faiths attending because he truly understands what ZBT's heritage is all about — the coupling of our own Jewish heritage with our openness to all men of good character,” Brother Itzkowitz said. “His commitment to the interfaith dialogue can be seen in his work every day around campus, and I cannot think of a better role model to be advising our brothers. It is an honor for us to call Yoni our advisor, but an even greater honor to call him our brother.”
